

Change Of Skin Color And Gender: Another Main Satanic Attack Weapon

(M. R. Pinheiro)/Twins Of God¹

Abstract:

We here study the change of skin color and lips through the 666 and the change of gender and nose through satanic surgeons that the satanic have now used for about 100 years to penetrate non-negro societies and destroy them from within. Weapons such as Xuxa, Gretchen, Lilian Knapp, Rita Lee, Madonna, Kate Perry, Taylor Swift, Michelle Obama, Marlene Matos, Paulo Coelho, Manuel Alejandro, Trump, Obama and Elon are studied in some aspects: change of color, change of gender, change of eye, multiples, usurpation and some of the satanic/terrorist directives that those have. We also talk about our own case, satanic rites and Al Qaeda relatives plus how it was the satanic brotherhood that created Apartheid in Africa and in the USA, so the own black men, not us, white native American Christian people (we prove that the prime minister of South Africa and 6 among 7 justices who voted in favor of 'separate but equal' in the USA were murdered and replaced with a satanic usurper for that to happen).

Keywords: *satanic brotherhood, satanic, transgender, terrorism, al qaeda*

Date of Submission: 07-03-2025

Date of Acceptance: 17-03-2025

I. Introduction

The satanic brotherhood has been around for more than 3,000 years and its major objective is making humanity sin to maximum [1], however it also has other very important objectives: exterminating all human types that be not black men and, on the way to that, finishing with all natural women, starting with replacing those with transgenders made out of black men, members of the satanic sisterhood, commanded by Leinha, while the sub-mission of exterminating all natural women is not over yet and members of the satanic brotherhood after it is over and they have once more converted into black men.

By processes like usurpation and conversion of humans into partially mechanical creatures through 666 and campaigns like the misinformation campaign and satanization of biography, the satanic get to be on top of all scientific, technological and information advancements in society, so that they also know who best plastic surgeons are as well as what processes lead to best whitening of skin color, change of eye color, change of hair color, change of nature of hair (crispy, silky, etc.), change of volume of hair, best default geometry of hair (the arrangement of the hair on the skull), etc.

Here we study some of the satanic transformations of gender through examples such as Xuxa and Madonna and some of the satanic transformations of color through examples such as Trump and Obama. We also talk about my situation, of the female of the Twins of God, who came to this incarnation with the specific mission of restoring human kind and this world. We explain why, so far, we don't have a way to be saved or accomplish our mission.

Development

The satanic brotherhood members, who are all negro men originally, noticed that they could be murdering and injuring way more non-black people if they changed their skin color or gender to that of their targets (everyone who is not a black man), even because, from being inside of the targeted human group, they could generate way more hate, separation and dissidence in human kind, which is ultimately what leads to success: 'split to conquer' is one of their preferred sentences.

One of the things they did was creating Apartheid in the USA and in Africa. In Africa, things happened in South Africa because the majority of the whites in Africa were there and it was a place that was rich (top producer in Africa) in several prized minerals, such as diamond, gold, coal and platinum at the time, so in 1948 (Co-pilot and [2]). Besides, apartheid made it possible that the minerals were extracted in a cheaper way since the blacks would then receive lower wages than the whites but would still work for those (Co-pilot). Who came with the idea first was probably 'Daniel Francois Malan', since he was the top leader of the national party who

¹ Elsie.dunnam@yahoo.com

made all possible through his position of prime minister of South Africa in 1948 (Co-pilot). Leinha told us about the satanic interest in the minerals of South Africa.

We prove that that was one more satanic brotherhood attack by proving he had his existence usurped [3] at most then. It is clear however, from studying the body images available via Google Search, that he had his existence usurped quite a few times. He was 74yo when he started apartheid [4]. He trained to become a minister of the Dutch Reformed Church [4] when he was in his early 20s and that is a Christian Church, so that he was a top Christian (Co-pilot), that obviously being the reason for the satanic to choose his ID/existence to usurp, since people would then regard him as a savior of human kind, as all Christians are supposed to be, and therefore as someone who would propose things with levels of wisdom attributed to Our God's son, Jesus Christ, like, by investing in his ID, they were investing in the certainty that apartheid would be best accepted in South Africa and that was part of their targets. His training (for the position of minister in the Dutch Reformed Church) took place in South Africa (Co-pilot).

[7] is the man usurping the ID of Daniel Francois Malan when 'he' started apartheid in South Africa. Yet you can see that his face is very different from the other three versions of his ID we here present ([4]-[6]), which are, on their turn, very different from each other: one just needs to study their noses to confirm, with naked eye, that they are all very different men.

His actual face should be that of the man who finished the seminary and then became a minister, so that, if we could locate a picture of such a time, we would finally find out how the original Daniel looked like. Our best efforts in that direction returned the pictures below, which seem to both belong to other men:

That is available only as a result of the Google Search using the key Daniel Francois Malan pictures, since, when we click on the face, we end up with the same picture we see on [4]. He would be in his 20s when he finished his seminary and both pictures above seem to belong to non-Christian men (the leftmost one shows a man who seems to be arrogant and the rightmost one shows a man who seems to not be present in the here and now) unlikely to be in their 20s.

In the USA, who started apartheid were the eight justices deciding on the Supreme Court case Plessy v. Ferguson, since this is the case that generates the thinking 'separate but equal' in the mind of the Americans (Co-pilot). They were supposed to be nine instead, but David J. Brewer did not take part because his daughter

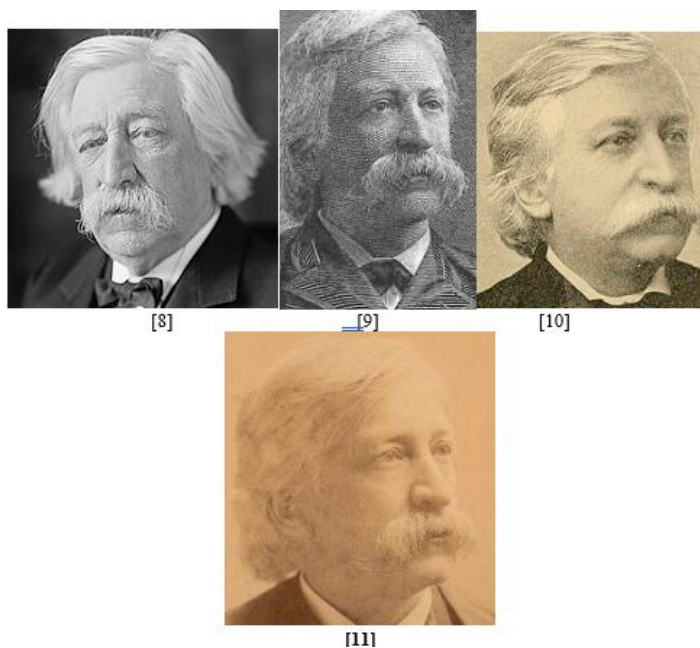

died soon before the court date (Co-pilot), so that the satanic brotherhood probably did not manage to find a replacement for him in time and decided to appeal to killing her, so that he would not vote against apartheid in the USA (I will call it in the same way because it is the same underlying philosophy, even though sources insist apartheid is only for the South African case). The devil told me something that confirms this reasoning as well. It was a 7 to 1 decision and the only justice to disagree and present strong argumentation as to why such a thing shouldn't happen was John Marshall Harlan (Co-pilot). The devil says that they left one out just to make it look more normal.

We now go through the laborious work of proving that all the 7 justices saying yes to such a thing had had their existences usurped before the decision day. Those were (Co-pilot):

- **Melville Fuller** (Chief Justice)
- **Henry Billings Brown** (authored the majority opinion)
- **Stephen J. Field**
- **Horace Gray**
- **George Shiras Jr.**
- **Edward Douglass White**
- **Rufus W. Peckham**

1) **Melville Fuller:**

He was 63 years old by the time of the decision (Co-pilot).

The pictures above prove that there was usurpation of this existence, and actually at least 3 usurpations, since we have four very different men in those: nose and chin can make you see how different they are if you are using your eyes to tell.

To find out who the righteous ID owner was and how he looked like, however, we have to do more research, since all pictures above present this very weird mustache, which shouldn't really be what justices from the US, native ones, would like to be displaying on their faces, since beard and mustache reminds us of uncleanness but being clean is a main thing in Christian societies and the USA is one of those.

[12]

[12] shows a picture from when ‘Melville’ was at college, so circa 1853, when ‘he’ was 20yo: ‘his’ nose and mouth show striking difference from all the other 4 men deceiving humanity by presenting his ID as if they were ‘him’. We however don’t believe the man from [12] is the original Melville because he still has weird face: mouth, nose and eyes are atypical, as for the USA. We then believe the righteous owner of the ID was killed before reaching the age of 20yo. The marginal could have killed again right before the decision because usurpers apparently acquire the spirit of the original people with time, from doing the same things they did, if that is the case, and, in this case, it looks like usurpers were doing the same, since they probably usurped him for the first time when he was graduating at the Bowdoin College. With this, the usurper, at that stage, could wish for voting against the proposal that interested the satanic brotherhood. They could attempt to brainwash [13] the usurper of the hour before they vote at the court, but we now believe there is probably a conflict in the soul/mind of the individual if they do that because the individual doesn’t lose their memory and, even if they do, something remains in the soul and is passed to the person who is with a 666 via Holy Ghost. The safest thing to do is then selecting an individual who has never had contact with legal work before and brainwash them with the narrative of life plus paradigms of belief before they force him to the situation of usurper.

2) Henry Billings Brown

He was 60 years old by the time of the decision (Co-pilot).

We then see that there are 3 very different men in the above pictures: noses should be enough for you to see that. Even though [16] is way more credible, we found yet another picture in the maze:

We believe that is a sign that also Henry got usurped early in life, so probably also by his 20s, soon before graduation: the man in the last picture doesn’t look very American, so that the right body image for him must be yet another. That is his graduation picture from the Yale University [14].

3) Stephen J. Field

He was 79 years old when the decision we investigate here happened.

From the pictures above, we can already see he was usurped, since they represent very different men. the nose and the eyes, for instance, will make you see how different they are.

We believe he probably got usurped also by the time of graduation from the Williams College [19], yet we were unable to locate his graduation picture: the marginal has satanized all sources of information to do with this particular group of people, it seems.

4) Horace Gray

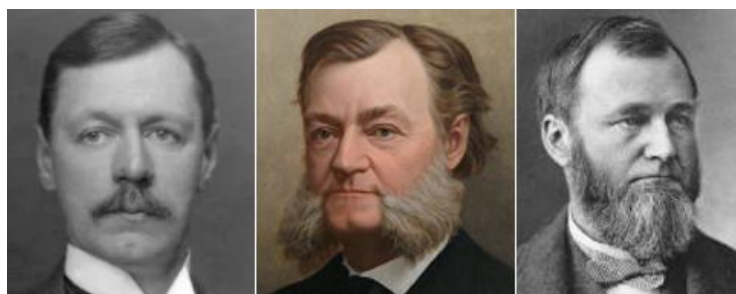

He was 68 years old by the time of the decision (Co-pilot).

He graduated from Harvard College at the age of 17yo [20] and [20] is a picture from when he would have been 22yo, so that we calculate he got usurped the first time right before his graduation picture, which means none of the three men appearing in the above pictures is him plus they represent at least 2 usurpations of his existence. Noses, chins and eyes could make you see how different the above men are.

5) George Shiras Jr.

He was 64 years old when the decision was made (Co-pilot).

We see three very different men above (noses and eyes), so that George suffered at least 2 usurpations. The man appearing on [22] looks like the youngest of the three, but we again believe they would have killed George before his graduation picture instead of George being this one.

6) Edward Douglass White

He was 50 years old by the time of the decision.

We then see that Edward also suffered at least 2 usurpations, since each picture above represents one different man: noses and chins could make you see that more easily.

The man on [27] could be the original Edward, but, for some reason, we believe Edward got killed before that picture as well.

7) Rufus W. Peckham

He was 57 years old when the decision happened.

We can see each picture above represents a different man: noses and chins should make you see that more easily. We then know Rufus' existence got usurped at least twice. The male with youngest looks is that on [30], yet we don't believe that is how the original Rufus looked like.

We again believe he probably got murdered soon before his graduation picture.

We have then proven that the reason as to why hate between whites and blacks started was the crimes of the satanic brotherhood: murder followed by replacement of those involved in the decision processes that led to apartheid (the idea of 'separate but equal' is what led to Apartheid in the USA [31]). The satanic also destroy communication, so that they invented that apartheid was not going to mean separation of races but something else: a special situation in Africa. Once more, I here use the meaning we all learned and that existed for the term before they changed it.

The reason for the satanic to extremize also this, so separation between skin color groups, is that they want to be more accepted by the own black males, since one of their main objectives is exterminating all whites and peoples of other colors that be not black.

They did that in South Africa also to exploit the own blacks (those got less pay and worse work conditions), since they had found a way of changing their skin into white (the 666, first one [13]) and they had hate for their own race and people. 'Osama', 'Leinha' and 'Nelson' reach the extreme of creating a way of sending Indians to Baal's heavens, so hell, through attracting them to a spot told to be a healing spot and then using invisible laser to destroy every single trace of their bodies on earth (the satanic invented of capitalizing the 'e' on earth because they adore several demons and they then compare earth to Our God, since we do capitalize the initial letter on God, so that I am not going to do that here) [32], yet at least 'Osama' and 'Nelson' were born in India and Leinha had parents from there.

This is the usurper presenting the ID of Daniel Francois Malan when Daniel is told to have started apartheid in Africa. Notice the thickness of the rim of the ear, which never happens in whites: the own black men did this to the black Africans! More importantly, they did that for not following Our God, not relying on Jesus Christ as their only possible savior.

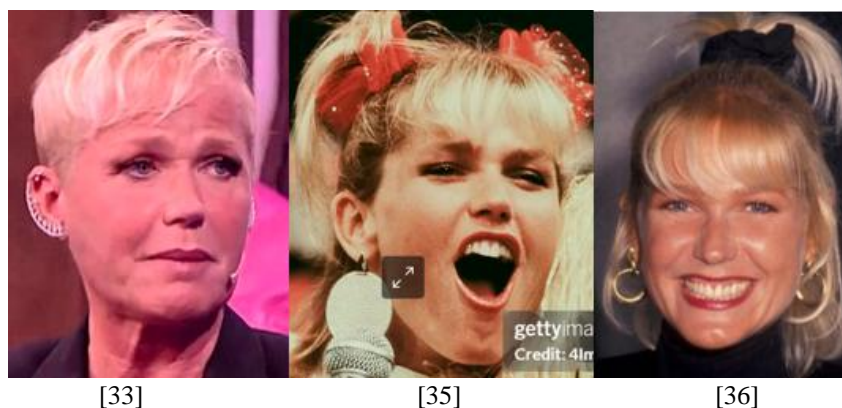

In the same way, they decided to replace the white women by painting themselves in white through and subjecting themselves to quite a few procedures (that of changing gender, that of changing hair, so color,

volume, the way it sits on the face and skull, softness, etc., that of changing shape of their bodies, sometimes color of eyes and others, such as nose: most of these things can be done via 666): they wanted men to hate natural women and go for them instead, since the satanic brotherhood has, as one of its objectives, that men choose to have sex with the own men and with men who figure as men, not transgenders, but, by forcing men to prefer transgenders, they would be making them like establishing a coupleship with more and more of the same, like satanic transgenders act in a much more masculine way than the natural women, Besides, as men start preferring Xuxas and Gretchens to natural women, the impact of the natural women disappearing/being exterminated becomes much much smaller.

They then created what I call satanic transgender through this process: since it is something done on the way to something 'greater' or 'bigger', which is ending up with a society of only black men, the satanic transgender is made already with the objective of converting again to black man in the end. Since it is all demonic, the thing is cheating, lying and deceiving, so that the satanic transgenders will insist they are natural women to the end of the period of the takeover. Some of the difficulties associated with their 'job' are: they don't have a womb, so that X-rays of the belly should testify on them not being a natural woman (the satanic then use their slaves to swap X-rays/falsify results, if necessary) and they cannot have biological kids via normal processes (so that they go through great length to trick everyone else: Leinha, who is top boss of the transgenders, who, all together, form the satanic sisterhood, ingested/injected chemicals in order to inflate her belly in a progressive manner, making it form the expected shape and I accompanied that from close, so that I can testify that does work. When the baby was supposed to be born, she used an empty room at the hospital and took 'Lea Maria' and me with her (me as credible witness), the satanic then made me sleep instead of remaining alert to help/watch during the supposed delivery, she then took one of the so many satanic babies (I believe they get those from having a satanic nurse and doctor telling a chosen mother the baby was still born and they cannot see them, yet they could also simply steal from a natural woman) and appeared to me with it later on), they don't menstruate (so that 'Lea Maria' used to buy pads regularly for a long time to trick me, since I lived with her: I however realized, with time, that her pads never had blood in them, like from accidentally checking the trash bin. Men who have sex regularly with the 'woman' they are in coupleship with, would notice that they go the entire month having sex and there is never a problem with menstruation, I reckon, even though they could also deceive there), they don't have menopause ('Lea Maria' then took tons of drugs to deceive me regarding that: that those were for osteoporosis, which was a problem a woman gets after menopause. The satanic invented the heating and cooling of the body through 666, so that they could injure natural women worse), they can't breastfeed ('Leinha' then pretended to be doing that once in front of me: babies will apparently hang on to any nipple. They should all appeal to bottles of milk instead, I reckon. I think they cannot really pretend to be pumping, since people will notice there is no milk coming, but they can probably have strategies in place for that) and they cannot have natural muscular movements when supposedly experiencing a vaginal orgasm ('Nelson' then organized a mechanical orgasm for Leinha and probably for all transgenders, which is what started being called multiple orgasms and the transgenders then started humiliating natural women also with that: that they had those. Leinha describes it as being something like closing and opening of the 'vagina' in the same rhythm, lasting for a long time after the male got out of her). They must also not feel arousal when the male passes the hand over their breasts, since they are plastic-based and males should not get aroused from having other people playing with their nipples, like to the least. .Some of their duties are: banalizing crime against women and kids, not offering any protection or defense to those plus advising victims to then not do anything through some sort of rhetoric (when I reported to my Al Qaeda sister, Leinha, that 'Hyperides', my Al Qaeda uncle, had sexually assaulted me by sitting close to me, putting his arm around my neck, and he got there by pretending to be acting as an uncle, and then putting his right hand over my right breast when I was about 9yo, she asked me: but how exactly did he touch you? She then had serious face and said: it was probably accidental, 'Marcia', he obviously didn't intend to do that. Just a quick thing, 'Marcia', in what does that harm you, didn't take any piece and so on. When I was raped by 'Braganca', that was when I was 5yo, 'Lea Maria' cleaned me soon after that and asked 'Nelson' to carry me after she asked me what I wanted her to do and I said, police. He then started carrying me in his arms and he wouldn't speak as he did that, so that I kept on saying police and they then put me in phase out through the 666 and brainwashed me further), give kids to be sexually abused by members of the satanic brotherhood, give kids to be eaten by the Al Qaeda cannibals, desensitize society in what regards treatment of kids and natural women, making sure victims of crime are never served in time or properly (so 911 services, hospitals, compliance, etc.: we recently analyzed a case available on YouTube where the natural woman called 911 and said she was the only inhabitant of her house who had survived the attack of the perpetrator and she believe he was still there, she was driving her car to as far away as possible of the place, since she managed to escape, and the operator then tells her to go back to the place immediately, that she doesn't know when help will arrive, but for her to wait there, like telling her to make sure she is killed to, basically), desensitize society in what regards sexual crimes against males, specially infants, having sex with as many males as possible, specially blacks, and so on.

1) **Xuxa**

Xuxa is a famous Brazilian TV show presenter, running a show dedicated exclusively to kids, at most teens [33], during more than 30 years [34]. She became widely known as ‘rainha dos baixinhos’ [34] or ‘queen of the short ones’, which is another way of saying children are not children, but are adults who are short instead, so already part of the objective, which is always saying children can have sexual desire for adults and marry those at their own will, don’t deserve more care than adults, and so on.

Evident signs of ‘her’ being originally a male, as for the three images above (which represent very different men, most remarkable differences being probably nose and shape of the face), are, for instance, the shape of the face (elongated) and jaws that protrude and are big (bigger than those of women) plus rigid, like are bony. Proving they are originally black is a bit harder (they sometimes operate their noses to look more like whites: Leinha and black ‘Nelson’ stole our noses, so operated theirs to make theirs have same looks as ours, so mine and twin’s), but the first two men are showing the ear and we then see they both have thick rim. The third one has thick skin (characteristic of the black from Africa): it is the way it folds. All three would then have subjected themselves to a surgical procedure to change gender and would have used the 666 to acquire that hair, eyes and perhaps even lips (they found a way of slimming and shaping lips through the 666).

Xuxa is then one more satanic transgender experience, which means all her replacements are satanic transgenders: an enormously successful with kids and teens means highest achievement toward the satanic brotherhood/sisterhood targets. Cacau, my Al Qaeda cousin, worked for ‘her’ as security guard guarding her home a few times and he then said ‘her’ and ‘Marlene Matos’ were frequently spotted naked walking in the house, which obviously means they are sexual partners, therefore ‘lesbians’, which maximizes satanization of the biography of the original woman, Maria da Graca Meneghel (called Maria (Mary in English) so that the mother could honor Our Lord Jesus Christ, therefore clearly indicating a Christian woman, therefore good family), but, in reality, they are two black males who already formed their Black Elohim couple (in the end of the operations of the satanic brotherhood on earth, they will be a group of black men organized by the couples). ‘Marlene Matos’ figures as a woman as well, so that she is yet another satanic transgender, but ‘she’ appears as a black person.

Marlene Matos

The 3 men above seem to be completely different, please: shape of the face, nose and lips, for instance, will allow to see that too. To prove they are all black men originally, we can use the nose but there is still eyes and way to stare for the first picture, think skin (the way it folds) for the second one and the region under the nose for the last one (it forms a belly, which characterizes some monkeys and the black race, like not all blacks have it but those who have it must be blacks).

We then know that 'Marlene Matos' is yet another satanic transgender experience: each different face you see for those identities means that the person with the previous image got killed and replaced with the new one unless they exist in multiples [40], in case the previous transgender may assume the identity of someone else during the time he is off. Since they are a couple, each time one gets replaced, the other also does. We wrote about a few more things on [41]. Both Marlene Matos and Maria da Graca Meneghel got killed before their experience started, in my humblest. Maria definitely got killed before the porn movie where Xuxa performed scenes of sex with a 12-year-old boy [42]. Since [42] says Xuxa was 18 years old when that happened, Maria lost her life at most at the age of 18 years old.

2) Taylor Swift

[43]

[44]

[45]

Here we have 3 very different males: shape of the face and nose, for instance, should allow you to see that too, even without a computer to make the comparisons. Again, either 'Taylor' has multiples or each new picture you see means the previous version was murdered and replaced by the satanic sisterhood (the brotherhood only accepts males who figure as males as members).

The angles of the face and the protusion of the chin, as for the middle one, clearly tell you that these are all originally men. Leinha gave them the orientation of appearing in some media pictures holding pets, specially cats, or kids or babies, so that they would beat natural women also in terms of showing care, as for image, like to attract males.

Again, proving they are originally black is the most difficult task of all, yet please notice the position of the ear on [45]: that has to be something that belongs exclusively to the black race, African. On [44], the fold of the face is not from age, since it doesn't happen on the lower part, so that is thickness of skin and that is typical of negros.

[46]

[47]

[43]

To prove that [43] is also a black male originally, please see the shape of the face: the natural woman (we studied her case before and think we are sure this is a natural woman [48]) has softer lines (the one in the middle) and, even though they all have the face in a sort of V-shape, the chin of the white seems to be rounder and the V closes more at the top of the head, while the black has a V that seems to open more each time. Even though I think I am sure [47] in a true white woman, I am unable, at the moment, to be sure about white men and that is why I am using the woman here.

Taylor is traditionally name of males, so that I reckon the righteous owner of the ID was a male. Swift was the choice of Leinha for this one because she was thinking of the reptilian race, therefore those supposed to be from outer space, a superior race in terms of powers, so that this is the marginal saying to all of us 'Taylor Swift' is our god [49]. Indeed that is the rhetoric passed by the media for 'her'. See what Co-pilot says about him: "Yes, I came across that! Taylor Swift's influence on voter registration has been dubbed the "Swift Effect." For instance, after her endorsement of Kamala Harris and Tim Walz during the 2024 U.S. presidential election,

voter registration reportedly surged by 400-500% in just a couple of days². Her Instagram post alone directed over 400,000 visitors to Vote.gov.” In the past, society used to listen to the natural Christian white woman with priority and privilege, now they listen to a black male disguised as a white transgender who claims to be a true woman, an extremely demonic person, in that way instead. That has to be a great achievement for the satanic sisterhood, something like a milestone.

3) Lilian Knapp

[50]

[51]

[52]

[53]

[Google Search, parameters: leno lilian cantor]

[50], [51], [53] and Google Search are obviously men because of the flat chin (long one) but there is still elongated face and other aspects. Observe the fold of the skin on [50] and [51]: that shows thick skin. Compare with the fold from [52]: that is a fold on a white person's face, like my folds now too. It is very different. The elongated face with long squarish chin from [53] and Google Search indicates black, so that we know we have one more case of satanic transgender experience for sure. We must be careful here because 'Braganca' or Leinha told me that they put the sign where it is written 1866, so before the 666 appeared, on [54], so that those people there were actually from many years later. In fact, the entire set of images there should be falsified in the same way, in this case, so that they just dressed like they imagined people dressed that time and falsified the pictures in the same way they falsified the sign. This is important because, if those images were true, we would see ears that protrude, square chin and others on whites. With this, it is very hard to guarantee that a picture is from before 1880, which should be the beginning of satanic use of the head bug invented in Germany (university, to heal rabbis in ex-black-African slaves). Notice as well that the media images of the ID on [53] and Google Search are extremely demonic (eyeliner, expression of the face, level of masculinization on a woman, etc.).

The original woman, righteous owner of the ID, seems to be the one appearing on [52]. We then see that Brazilian women, even if carioca, once looked like us, American native Christian white women: beautiful skin, beautiful face, feminine, healthy, white, etc. They also had the right concerns and intuitions. See the song we think the original woman wrote (they obviously can change all that anyway they like in terms of records, since the original woman must have died soon after the picture on [52] was taken. [52] is a picture appearing in 'her' 1978 album [56], *Sou Rebelde*, which appears to have one song of hers and one song invented exclusively by men (and they also say only men composed it [55]) to satanize her biography and defame her (she was probably a Christian, like the rest of Rio, since they were colonized by the Portuguese white people and those were very much Christians, worrying therefore always about all that matters, so Education (colonizers and other people subduing others by force always make sure nobody has education, since communication then resumes to very few and simple tokens (also so that they don't ask the right questions, don't fix their logic, etc.), such as the universals, which are loved by satan, and therefore give lowest amount of chance for the subdued to combat their demonic forces of slavery), having things cleaned to maximum, beautiful, made of noblest materials, most durable, etc.

Please notice that they satanize it all to highest degree: [56] says that this album of hers was a cover, like that she didn't write the so Christian song we found inside of this album:

Title: Sou Rebelde (I am a Rebel)

“Eu sou rebelde porque o mundo quis assim (I am a rebel because the world so wanted)

Porque nunca me trataram com amor (Because they never treated me with love)

E as pessoas se fecharam para mim (And everyone closed themselves to me)

Eu sou rebelde porque sempre sem razão (I am a rebel because always, without a reason)

Me negaram tudo aquilo que eu sonhei (They denied me all that I have dreamed about)

E me deram tão somente incompreensão (And they gave me exclusively no empathy)

Eu queria ser como uma criança (I'd like to be just like a child)

Cheia de esperança e feliz (Full of hope and happiness)

E queria dar tudo que há em mim (And I'd like to give all that is in me)

Tudo em troca de uma amizade (All in exchange for friendship)

E sonhar, e viver (And dream, and enjoy)

Esquecer o rancor (Forget the rancor)

E cantar, e sorrir (And sing, and smile)

E sentir só o amor (And feel only love)

Eu sou rebelde porque o mundo quis assim (I am a rebel because the world so wanted)

Porque nunca me trataram com amor (Because they never treated me with love)

E as pessoas se fecharam para mim (And everyone closed themselves to me)

Eu queria ser como uma criança (I'd like to be just like a child)

Cheia de esperança e feliz (Full of hope and happiness)

E queria dar tudo que há em mim (And I'd like to give all that is in me)

Tudo em troca de uma amizade (All in exchange for friendship)

E sonhar, e viver (And dream, and enjoy)

Esquecer o rancor (Forget the rancor)

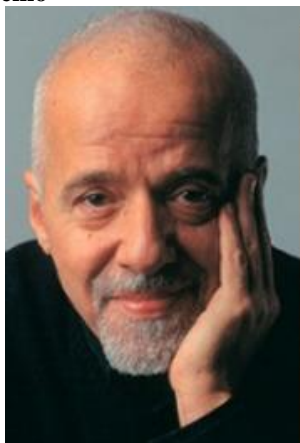

E cantar, e sorrir (And sing, and smile)

E sentir só o amor (And feel only love)” [57]

Look at what Co-pilot, as said before a satanized vehicle as well, like all AI that exists so far, prints: “On Wikipedia, it mentions that "Sou Rebelde" was a Portuguese version of the Spanish song "Soy Rebelde," originally composed by Manuel Alejandro and popularized by Jeanette. Lilian Knapp performed the Portuguese version during her solo career. Alpha FM provides details about the song's history, explaining that the Portuguese lyrics were written by Paulo Coelho, and Lilian Knapp's rendition became a major hit in 1978.”

We notice that the official information is now that the song was composed by men, ‘Manuel Alejandro’ or ‘Paulo Coelho’. Because of that, we decided to prove both are ex-negro men. We believe Lilian wrote this song for being in love with one of the satanic brotherhood members, therefore a man who was originally black, not necessarily looking black when she met him (Leinha told us that somehow as well, we now recall, so that we are sure: this male then probably killed her himself, since, in the brotherhood, if they love or show weakness before men toward women (here included the satanic transgenders) [58], which would mean, for instance, showing empathy with them, they have to kill them), since, for having that face, clothes/way of dressing, flare, body, and expressing feelings in Portuguese as she does, she can be told to be a Christian and therefore would not feel rancor herself but could easily be expressing what she believes he feels like that.

Paulo Coelho

[59]

[60]

[60]

The level of defamation of this male, Paulo, is highest: no male who attended a Jesuit college, and his was called Santo Inacio [61], during his primary and secondary levels time (he started there at the age of 7 years old, according to [61]), would become a hippie [60] or go for witchery, so that that all was already the marginal and [60] shouldn't be his picture because it is the face of a negro (flat chin, ears hat protrude, face that enlarges up to the top of the head, thick lips and so on) but Paulo Coelho was white, since the earliest versions of the ID are white. His life then got usurped when he was still a teenager, probably by the time he graduated at his Jesuit college. Notice that the tree pictures above represent 3 very different men (nose, eyes and ears can make you see the contrast), yet they are all originally black (those labelled [60] present the same characteristics we have already mentioned and the one labelled [59] has thick skin (the way it folds above the lip). This ID is then a satanic experience for black men.

Manuel Alejandro

Even though this man is from Spain [66], Co-pilot says that, in 1950, the population was primarily composed of whites, so that we don't believe this composer was originally black and therefore all four pictures above are not him, the original man, righteous owner of this ID: each one of them represents a different man (nose, eyebrow and shape of the face, for instance, will make you feel that way too). Besides, noses of the first two plus shape of the face and ears for the last one and the way the skin folds on the face of the third one indicate that they are all originally black. In this way, his ID got usurped before 1966, which seems to be the date of his image on [65].

Since they all belong (brand Paulo Coelho, brand Manuel Alejandro and brand Lilian Knapp, like all other IDs that became satanic brands we studied here) at least to Al Qaeda, being slaves of the satanic brotherhood/satanic sisterhood/them (only those can whiten human skin so far, everyone who usurps through one of them is automatically bugged in the head with a 666, etc.), they did all they did (so made the declarations we see in the media regarding Sou Rebelde) because one of those moved them (666).

It is worth studying the consequences of these atrocities to human kind also individually, so perhaps analyzing what the lyrics and singing of Lilian Knapp became after usurpation as well.

4) Kate Perry

We here have 3 very different 'women' (nose and chin should make you see that). They are originally negros because of the line of the smile, which shows the thicker skin ([68] also has got a very wide neck and ears that protrude). They are originally men because of the chin that protrudes on all of them, the way they stare, as for the second one, the way they bend the head in relation to their neck, as for first and second ones, and they way they would look like if the globe of the eyes were dislocated to the back, to the usual position (they have dislocated my eye in 2004, one of them, perhaps both later on, so that I am sure they can move the globe through the 666), and they lost the inflated chin (I am sure they can inflate it using the 666 as well because they have already done that to me).

Leinha told me she was going to change an actress into a gospel singer and make this ID look like it were something continuous, I now reckon. Yet I had a look at the face of 'Katy Perry' when she figured as actress and I am sure it is not the original woman, so that I am not engaging in that sort of discussion here.

'Tom Cruise' shows he cares infinitely more about transgenders when interacting with me in the 666, so that I am sure, on top of that being something Leinha told me, that men existing in multiples, therefore definitely satanic brotherhood members, have, as one of their duties, always pay highest respect and consideration to satanic transgenders, when it comes to female figures, so that those should also exist in multiples, I now think: 'Nicole' does and their IDs were together for an extremely long time.

The satanic did something to the eye of one of the Katy Perrys while she was on stage (2022, Co-pilot) and that was captured by the media (his 666): that could be part of the satanization, to claim that she got possessed by some demon or something, I can't be sure.

Co-pilot says the following about Perry: "In French, *perry* refers to an alcoholic beverage made from fermented pears (similar to cider but made with pears). It resembles *peri* from Persian mythology, referring to beautiful supernatural beings akin to fairies." I then don't really know which to choose but I now remember Leinha telling me something about splitting the satanic transgenders into 2 types, blondes and brunettes. Brunettes, like Katy Perry, would then probably represent the drunken women, probably because black men like putting women drunk and see what happens. In this case, it is the French 'perry' that gives meaning to it. This is also because I confirmed with Co-pilot all this: "She's ('Kate Perry') also known for her playful and theatrical stage persona, which sometimes includes quirky antics like pouring beer from her costume during her Las Vegas residency. These moments are often part of her larger-than-life performance style, which fans have come to expect and enjoy."

We then learn that satanic transgenders figuring as brunettes are now a pre-male-appearing-as-drag-queen thing, since they need to progressively masculinize the 'objects' of masculine emotional and sexual attention: many men associate drag queens with buffoons.

Co-pilot says this about 'Taylor Swift': "Taylor Swift's public appearances are not characterized by seduction or overt sexuality. Instead, her image is built around relatability, storytelling, and emotional connection. She's known for her polished and approachable demeanor, often engaging with fans in heartfelt ways. Her performances and public persona emphasize empowerment, creativity, and authenticity rather than relying on provocative elements."

We then infer that the black men are now supposed to drop the brunettes and go only for the blondes whenever they want to relate, already funnelling it to one physical type in order to later on progress to black males. I also observe that the name is already that of a male, so that they also get used to that. I observe the pictures available on Google Search for Taylor Swift show her having very masculine standing with frequency: [70] shows the position 'Bradley Paul Neal' (a male/masculine-one usurper) frequently displayed before me (there is a bend on the back which makes shoulders protrude to the front of the body on 'her' there, which is not something seen on natural women unless they have a back deformity, so they look at all times like that) and I further observe that who wrote the page was 'Jonathan Bate', but 'Bate', in Portuguese, is hit and I heard a Brazilian male saying 'bate bate bate' to the other man having sex with him in a male gay porn movie once; [71] shows a masculine position because the legs are opened in a masculine way and the arm is bent in a masculine way (right angles) and 'she' holds the microphone in a masculine way (women hold it from the bottom); [72] is a masculine corporeal position because the region of the womb is rigid like wood and women don't open their arms like that or stick the fingers in that way when opening the arms (I further observe that the second name of the writer is 'Halnon', which is clear reference to my family, so not the 'Hall', Monty Hall, which I think means they won't ever recognize that I solved the Monty Hall Problem² or something); [73]

²² The satanic created a split between Combinatorics and Probability (that far, anyone could calculate simple cases of conditional probability as they calculated cases in Combinatorics, so with a table, but, since she invented 'her thing', the table never works for conditional probability and they then have to use a special tree and probably all go having that thing by heart rather than making sense of it) with the invention of theirs regarding Marilyn vos Savant and her theory about the Monty Hall Show (it was Leinha who did this): That far, everyone believed one topic was connected to the other and everyone thought they understood what they were doing in those arenas. When Marilyn came up with her theory, she received 10,000 messages from readers of her magazine column saying that she was absolutely wrong. Yet, Leinha, my Al Qaeda sister, the current 'genius'/top leader of Al Qaeda, the satanic sisterhood and the satanic brotherhood via bugging (she bugged them all!) and creation (in the case of the sisterhood), went on usurping the existence of everyone who disagreed (I then believe new usurpers are always brainwashed with whatever they want, including her theory on conditional probability) from the point of view she wanted to impose, which is that that you see on

is a masculine corporeal position because of the position of arm, hand and fingers, but also the angle shows a perfect man and [74] is a masculine corporeal position because women do not make the heart away from the body or with the fingers sticking out like that and the angle of the arms as well as the bend of the neck are exclusively masculine. .

5) Donald Trump

We must always remember that sometimes they get plastic surgery done to their noses, yet observe the thick skin showing, especially on the first two males, and the neck that is of the same width as the head, reminding us of ‘Eddie Murphy’s’ movie, *The Nutty Professor* [78], where he played several members of the same family and they were all black (their images then, of typical blacks). The three men above are very different: chin and nose will make you see that yourself. ‘Trump’ exists in multiples [79], so that it is not necessarily the case that each new face represents the homicide of the previous ‘Trump’. They should be a final cluster because ‘Trump’ is the top leader of a major terrorist/satanic group allied to Al Qaeda, Russian League, so that all ‘Trumps’ should be originally negros.

6) Obama

Even though the satanic brotherhood and sisterhood, through Al Qaeda or another one of its associate terrorist groups, manage to convince the mulattos from Rio that their race is closest to the negro race, everyone thinks that they are closest to whites instead and that is probably why, despite all ‘Obamas’ being originally black males, they decided to show a few of his multiples [83] as if they were mulattos (666 action). Mulattos, however, are a very peculiar race, since they are a race that originates from a mix between whites and blacks, so that they get some traits from the whites and some from the blacks: their nose is however like ours, so nice and small, while the negro race has big nose, just like all the three men above this paragraph (we are talking about the width of the end of the nose and the shape around the nostrils in particular). ‘Obama’ must also be in the final cluster, since he is the boss of a terrorist group that allied itself to Al Qaeda, the Hezzbolah (what Al Qaeda does is usurping the existence of the rival terrorist group’s top boss, when their slave then makes the alliance each and every time, with ‘Obama’, like one of the multiples, confirming that to me recently through one of ‘my’ 666s (I have 3). Since this is what they have always done, including aboriginals in those groups,

they would have usurped the life of as many mulattos as are the mulatto members in their group, so mulatto slaves (everyone who usurps through Al Qaeda gets a head bug or a mechanical soul or a 666, as explained before). That is obviously very consistent with their main objective, which is exterminating all physical types that be not black males.

The three pictures we presented here for 'Obama' belong to 3 very different men: nose and chin will help you see that. Even though the man on [82] may come across as a negro for those reading the paper, I would think that the original man was much blacker than that. In the end of the takeover process, they will all come back to the original color, so black.

7) Michelle Obama

[84]

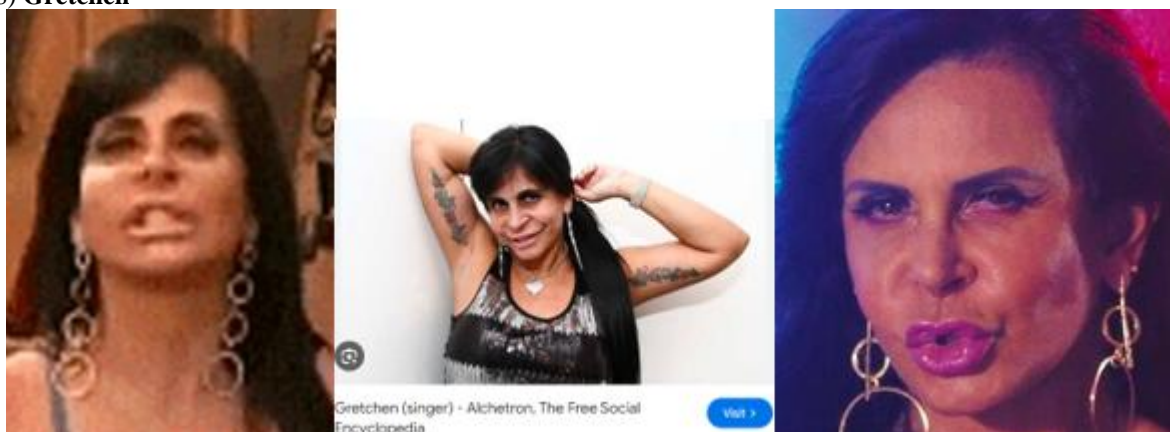

[85]

[86]

These three 'women' are extremely different: please pay close attention to their noses and shape of the face to notice that. They are all originally males: a close study of the jaws should suffice for you to notice they are all masculine (bigger than those of females). They are very smart in what comes to the eyes: the first two make sure they design new eyebrows which make the face escape the masculine flare by much. They should be all originally black, not mulatto.

'Michelle Obama' is then yet another satanic transgender experience.

8) Gretchen

[87]

[88]

We here can see three different 'women': if you pay attention to the nose, you will also notice that. The jaws are incredibly masculine, so that they are also all men originally: it is the angles they make. The first one has a neck of width that is close to that of the head, which is only seen in black people. The 3rd one seems to have the rim of the ear large again, which is again a sign of black people. The 2nd one has the skin fold showing thickness of negro skin.

'Gretchen' is then yet another satanic transgender experience. We were unable to locate a picture on the Google Search we made that signaled to righteous ID owner [89]: all seemed to be of transgenders instead.

9) **Madonna**

[90]

[91]

[92]

The 3 'women' above are different: if you concentrate on their noses and chins you should be able to also see it. They are 3 males because of their jaws. The second and the third ones can more easily be identified as negros because of the size and shape of their skulls, since they are bigger than the other races' skull and are shaped in such a way that we have to say it is a negro. It is still possible to prove that they are negro men from Africa in such a way. Archeologists and Anthropologists do this sort of thing all the time. We can use the fold of the skin of the first one to tell that is thick skin, from negro. They are then all satanic transgenders and 'Madonna' is then a satanic transgender experience, one more.

10) **Rita Lee**

[93]

[94]

[95]

Here we have three very different 'women' again: concentrate on the nose and you also shall see. The jaws prove they are all males. The skull shape and size prove they are all negros originally. However the neck of the first one, its width, is almost the same as the head's width and that is only seen in negros. 'Rita Lee' is then yet another satanic transgender experience.

[96]

[97]

Os Mutantes is how Rita Lee entered the singing arena, a group composed by 3 people: Rita Lee, Arnaldo Baptista, and Sergio Dias. That was in 1966 [96]. You can see here, by comparing these two pictures, that she got usurped at most right in the beginning of her career, since the picture to the right shows very different people from the picture to the left, that basically means Rita Lee lost her precious life at most then, so probably in the own 1966. We then see the decharacterization of all imposed by the satanic brotherhood: now

they had negros in their group, the girl was showing intimacy with one of the members in public and so on. We can here see again that people also in Sao Paulo [98] looked like us, native American people, so white with delicate faces and so on. As I was doing this, one of the males of The Cariocas (terrorist group associated with Al Qaeda, where members usurped through them, therefore are all their slaves), who brutally attack my body and head from inside through one of 'my' 666s, 16/7 voice torture (I also get image torture, but not from them, same amount of time) for 3 years in a row and then 24/7 for about 3 months, said all Brazilians were white initially, so clearly stating the satanic brotherhood (these males exist in multiples and therefore are also members of the satanic brotherhood, being therefore originally black males but they now figure as mulattos, having even modulated their voices via 666 to come across as true mulattos) changed the colour of the Country in a radical manner (perhaps not yet in an explicit way, as we know, so still preserving the statistics figures as if there were mostly whites in most of the Country, since they paint their skin through 666 until the day of the completion of the takeover comes, as said before), especially in places like Rio and Salvador.

11) Elon Musk

[99]

[100]

[101]

We here have 3 very different men: focus on nose and chin to feel that yourself. The ears of the last one have reinforced rim, typical of negros. The skull of the first two has size and shape that is typical of negros as well. Once more, it should be possible to get an anthropologist or an archeologist to confirm they are also from Africa originally. 'Elon' is organized in a cluster of multiples as well.

It is likely to be the case that the first media appearance of Elon was the one from 1998, since that is what Co-pilot says. The interview video seems to contain several 'Elons', though, not just one. We found different 'Elons' on 0:02 (leftmost picture), 0:12 (middle picture) and 0:17 (rightmost picture) of the respective YouTube [108]:

The noses are all different, even though other differences may be noticed with naked eyes and no computer: the three pictures above represent very different men, yet they belong to the same YouTube, same interview, [108]. We analyzed movies like that before ([109], [110] and [111] are just a few examples) for working on criminal cases presented to us by the satanic through YouTube movies, since we managed to tie an agreement involving solving those in exchange for having the legal ownership of our own bodies (twins') becoming an actual reality in our current incarnation on earth. That was an agreement with our Al Qaeda sister Leinha, our satanic owner. In parallel, we asked her to record a few body images of those who passed through their hands for us in movies when she gave us a chance of asking her to do something for the Christians. What

was happening, in the other rolls we analyzed, was that each different body image corresponding to the same ID represented someone who got killed ‘during the filming’ (they found a way of making a short movie with each one of them and then fitting part of each separate movie, in order, along the timeline, picking any amount wanted from each one of them, so that it became possible to pick less than 0:01 from one and then put the next one less than 0:01 after that. In the other cases like this, where body images changed quickly, we concluded people were bugged and completely moved by the satanic (they made people think and do things that they wanted using the computer/bug) so that they puppeteered them (their term) into having sex with each other or perform other acts (such as bestiality) or even something else (say mutilated them during the movie), final flicks being sold or distributed through private Internet channels, which, according to Leinha, are used by lots of people with high amounts of money, say ‘Elon’ (probably their satanic slaves), and, after these movies are made, all actors get killed and ‘replaced’, so that they do it again, perhaps the same one each time if faces appear in the same roll.

In [108], they say Elon was doing research in Silicon Valley (and obviously being successful, even though they don’t say that) when he decided to go for his own business and, among others, he made a hole in his floor to steal Internet from the floor below, since that decreased costs of his business activities. As the ‘usurper’ says, he could have remained as a graduate scholar and get a scholarship instead. Exactly! We all know that is what a person with good formation and in a strategic place like the Silicon Valley would be doing.

Co-pilot says the parents of Elon Musk are these:

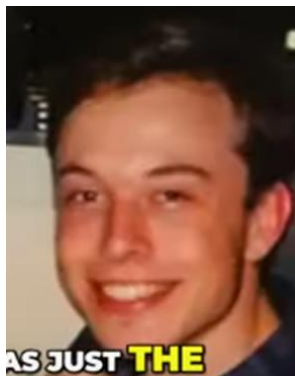

“□ **Maye Musk:** A model and dietitian with a career spanning over 50 years. She has appeared in major publications like *Time* and *Vogue*. Maye was born in Canada and also holds South African and American citizenship.

□ **Errol Musk:** A South African engineer, businessman, and former politician. He has been a controversial figure, and Elon has described their relationship as strained.”

We then know it is really not possible that he would choose to live a stinky place instead of keeping on going with his career and trying to get support for his dreams inside of the organization where he was doing research. He obviously got attacked and killed by the satanic at that stage, also replaced for perhaps the first time (summer of 1995, according to the movie). In this case, his image never appeared in the media, like the image of the original Elon, righteous owner of the ID, since Elon appears for the first time in the media in 1998, according to Co-pilot. ‘Him’ getting out of the place where he was working back then is a strategy of the satanic, so that the minimize risk of the usurpation being noticed.

The other video available online for the same type of interview is [102]. The same process happens there, it seems:

0:32

We notice here that the satanic managed to reach an excellent level of similarity between fatal victims, following one of their objectives, which is that unwanted physical types or people (since negros also get killed) be exterminated without us missing them or realizing they disappeared: the faces from 0:02 and 0:05 represent highest rate of similarity, yet we can see they are different. They manage to shape lips, eyebrow, skin color, eye, facial expressions and hair using the device, what makes it harder for the Christians. I am not so sure as to why some of these faces are incredibly similar, but I theorize they might have stolen twins again. Feodor Vassilyev's wife gave birth to 16 sets of twins somewhere around 1750 in Russia [112].

Elon, the righteous owner of the ID Elon Musk, was then killed at most in 1995, which means he was at most 24 years old when the satanic usurped his existence for the first time.

In all cases of multiples, there is always usurpation, so that the original person always gets killed and replaced by the cluster of multiples.

'Nelson' told me he was going to select a man from Silicon Valley and make him do all things that are told in the first movie we here analyzed containing an interview with 'him'. Leinha told me something about being able to predict if a couple will get a kid of a certain gender based on the answers they give to Family Planning and they therefore can plan their attacks. I sincerely don't believe this and we have analyzed quite a few cases in our blog with Blogger on Crime that seem to prove that that is not how things go at all. I then think he chooses one in order to change illegal money into legal through the ID and we found out there is always this 'negro behind' thing, like a figure that is a multiple but never appears in public to others as holder of that ID. I say that because the piece of software 'Elon' is supposed to have produced is Zip2 and it does not look possible that it would be worth 307 million in 4 years of it being in the market (Co-pilot). They say Compaq gave this amount of money for the piece of software (Co-pilot). I know people like 'Elon' get money from governmental positions usurped by satanic slaves, like a really large amount each time and I cannot work out how they legalize this money but, in Brazil, for instance, they used overcharging for a long time until the press published about how they do things, when it finally stopped.

573 blog posts in the blog Crime from Blogger (<https://crimeinthe21stcentury.blogspot.com/>), 184 blog posts in the blog Religion from Blogger (<http://theempireofgod.blogspot.com/>), 329 blog posts in the blog Curiosities from Blogger (<https://academicstogetherforever.blogspot.com/>) and the 52 blog posts in the blog Music from Blogger (<https://musicpassionandus.blogspot.com/>) should help you understand all the satanic do and think in detail and it was our Al Qaeda brother 'Nelson' who allowed us to write and wanted us to expose to human kind, at this stage, all, so that they would know what they are into. Yet, our Al Qaeda sister, Leinha, kept on deleting them, so that only a few are left but maybe you still can have some idea by reading those so few.

More satanic Rites from the Satanic Brotherhood/Satanic bible

I wrote this as a draft for Academia.edu on 10/03/2025 [107]:

"We recently thought our Al Qaeda brother, 'Nelson', planned to give us the death Leinha advertised (we found out the carioca males who attack us from within are commanded by her and they marked the top of my body, like they let me feel they were putting pressure, as if piercing exactly that shape, just like what we see in the movie we mention later here) through decapitating us in a special way, which includes taking part of our torso out. [103], 4:09, is supposed to give us an illustration, as you may read from [104].

[105] brings what should be the idea of 'Nelson' that is involved in all this, since twin has now sent me the vibration, Jesus in us: the blood there was supposed to mean my blood, like actual blood; death. The name of this woman means 'obedient child' 'small band' ('ko' means small (see Co-pilot's information below) and [106]).

See: "The name "Junko Kobayashi" is of Japanese origin:

- **Junko (順子):** This is a common Japanese given name for females. The meaning of "Junko" can vary depending on the kanji used. For example:

- 順 (Jun) means "order" or "obedience."
- 子 (Ko) means "child." Together, 順子 can mean "obedient child" or "child of order."
- **Kobayashi (小林):** This is a common Japanese surname. It is composed of:
 - 小 (Ko) meaning "small."
 - 林 (Hayashi) meaning "forest." So, "Kobayashi" translates to "small forest."

'Braganca'/the devil is the one who explained this to me, I now remember just because I was able to guess it (it is a game for the devil: I always have to guess first and, only then, they will let me confirm with my own memory (666)). I have always been obedient and I had a small family. This lady is representing me in the satanic imagination: I should be praying, but, at this stage, of my death, I won't, thought 'Nelson' (I will be resisting to praying (that being one of the reasons as to why today I started holy fasting and prayer sequence once more) instead). That is why 'Nelson' tied her hands so tightly: it is as if the satanic are forcing me to pray and I am resisting, like, the devil fixes us while there are people going for other supernatural entities that be not Our God and we should absolutely always go for Our God when we detect evil. The devil is then teaching me a lesson, which I learn from, if wise, so if already recognizing him as a creature of Our God originally, so someone who is doing something to help us fix ourselves: If I am able to translate his message, and therefore if I have a pure heart and a clean soul, am adoring Our God, am connected to Jesus through my Our God's Coupleship, I get it and save our lives, which allows us to accomplish Our God's mission on earth (the satanic invented earth had to be written with a capital E because they adore the earth as well and Our God got our praise via language through us capitalizing the first letter of the reference used for Him, so that I will decapitalize it in my writing too). The message is all this evil is being done to you so that you show humans must pray to combat evil. The stockings actually did not belong to the girl: they were special and 'Nelson' had them with him when he got there (half is white and half is black so that I understand that both negro men figuring as whites and negro men figuring as blacks are together in this to infinity (hence the knot) and it is stockings because they would put this single woman who is a natural woman attacking me today and yesterday, inserting most demoniac energy as possible in me, so perhaps not controlled or moved by them, deciding on her own, with freedom, for supporting them instead of us and she would therefore be attacking me as cowardly and criminally as they all do after I were completely disarmed, so when the 'lady' of this YouTube is already on the floor, immobilized in all ways, including speech, yet I would be claiming, all the way through, that humanity had to first save the women, as for what they thought I would be doing, like they always plan things ahead and she was murdered in 1996 according to Co-pilot. Only recently did I start saying natural women must be saved as a first thing, though, so that they actually committed a mistake in calculation (again!). Only recently did I get convinced that all the men are together in this, as for the negros (who appear also painted in white or as transgenders, even Asians) and I then realized the number of satanic transgenders in society and so on. The detail, of the natural woman, is obviously so that I die believing I don't have any connection to Our God whatsoever, since the natural women themselves crucify me (as they do for 3 years and 3 months). I just noticed that they crucified me via voice torture/voice stabbings for 16/7 for 3 years and then now 24/7 for 3 months but 16 and 24 are multiples of 8, so infinity again, just in the vertical position, while the one on the stockings was in horizontal position. With the girl, they gave her 6 stabbings and 'Nelson' chose my date of birth from Brazil to be 6/1/1971, therefore Epiphany or Kings' Day. It is however ironic that that would be the day human kind as a whole would have bowed to Christ, since the kings were there symbolizing this, so that Our God made them do that, since we obey Christ, Christ commands us. Coincidentally, the name of the girl is 'obedient child', so obedient children of Our God, I and Twin, obviously obeying Our God. Small family is because it is now only me, twin and Jesus. We notice the blood is A and we are used to see A as highest possible mark, so noble blood, as the monarchs used to say, blood that deserves obedience. Blacks and whites together forever as one, one against Our God, as it should always have been, one humanity: all made possible through women because the women are our only hope, specially the natural ones, only hope that the feast Our God planned for us can finally happen and we can all enjoy. I am then all tied, including mouth, to say that Lord Jesus is speaking through us: it is not my words. My hands resist to praying because our prayers are wrong, all satanized, need to be fixed. We are both unable to defend ourselves or fight: we need help, so that is for the part where she is disarmed. He stabs her deeply 6 times, yet there is no blood coming from the wound, as for all we were told and see in the picture of the movie: it is probably the groups he attacks me through, satan, so Hezbollah ('Obama's'), Russian League ('Trump's'), The Vacas/Satanic sisterhood (Leinha's), The Cariocas (group of the men who attack my head via voice and others), Al Qaeda and Satanic brotherhood. There is no blood because my body is protected by Jesus and I then learn: I drink from their energy and assimilate their thinking instead, what makes us know evil and good even more and then be able to get enlightenment from the Holy Ghost by asking the right questions, so philosophizing in the right direction. 'Nelson' still put a father and mother figure watching me suffer and unable to stop his stabbings: that would be 'Lea Maria' and 'Braganca', who I am sure would like me to be saved and get Our Plan executed, so the devil and his wife (also a black male changed into a white woman). We noticed that they say she was already dead by the time of the fire, so that maybe they had planned

to decapitate me like that and burn the entire building here with me inside of this apartment. One more offer to Baal? We also notice that we say both mother and father figures got stabbed 6 times each and therefore 'Nelson' had planned to kill both 'Lea Maria' and 'Braganca' at this stage, together with us. Perhaps they would detach that body top by means of six cuts or stabbings and do other 6 on each one of the Al Qaeda parents, in this way completing the 'send' part, so the addressing of the package of souls to hell, like in the name of the beast. 3 again because the satanic are obsessed with what they themselves invented (there was no sign of cross in Christ's teachings or Our God's and there never will be: as explained before, that is highest blasphemy, we don't praise the martyrdom of Jesus or his suffering on the cross, we praise his life instead and apologize for the martyrdom and the cross): in the name of the father, the son and the holy spirit. 3 people is what is in my mind as I say that. Perhaps he even planned to bring 'Lea Maria' and 'Braganca' here to be burnt with me this time, who knows? There might be a buddha adorer here somewhere or someone who adores a deity that be not Our God and therefore he would probably start the fire from there also here, despite his claims: that it had to do with the spaceship and the roof instead. It is in that way probably for it to be the most satanic fire as possible, for the demoniac forces to help better with the fire, so for it to do its intended job. There is only Our God! May Our God bless those who do what we ask immediately. As another point, Leinha planned to satanize me with these videos: the so few people she would have successfully put in those videos for us, Christians, to be able to acknowledge their passing seem to all be non-native of the USA, so already usurpers, like all videos we analyzed seem to contain only those in terms of images and stories. Yet, if I keep on watching those, I charge myself on negative energy, energy from hell, since I have to keep on remembering the devil's creatures and their creations all the time, I am immersing myself into their thinking and energies and nothing else: nobody will care about those people unless we execute Our Plan. By not watching them, I am refusing to get satanized, on top of now doing the sequence of prayer with fasting, so opposing what should trigger the satanic reaction, according to themselves. That is the best we can do. Now we still depend on you. I would love to have someone to save all YouTube videos the satanic wanted me to watch somewhere safe, hopefully more than one place, so that we can come back to those, when time comes, and acknowledge at least those passings plus take official note of the crimes details. At this stage, said 'Nelson', I would receive a visit at my door of people who would give me the fixed birth certificate of mine for the USA. The YouTube said 'quick opening' instead of 'envelope' and also that a man and a woman would come to my door to deliver that. I am not sure about what to think of those. Yesterday I had thought I wouldn't open the door but today I feel as if that may be good for me."

Yesterday night I went through some process of restoration (I believe they then freed more parts of my being, so let me be more with my original soul and less with the 666 or Mechanical Soul. I heard 3 knocks and that released more of my own energy, as if I were under some process of hypnosis): 'Nelson' had a couple of conversations with me about blood type and I then said mine was A+ while he said his type was O, if I remember well (he told me he was always donating blood, and I do believe him: he actually cajoled me into donating blood as well and I had my first experience at UNESA, Universidade Estacio de Sa, my so wonderful carioca university, and loved it, perhaps because he was able to describe the experience in detail to me and the experience I had was the same thing I heard, like that first one. Describing things so that we fully understand every step of the experience (in a way to make us know exactly what to expect/what is involved) is a way to praise Our God as well: it is all very surprising and unexpected. Donating blood is an altruistic thing! I understand his blood type is that of the universal donor (O positive can only donate to Rh positive people but O negative can donate to any Rh type people), reckon he said O negative, so that he was doing what Our God told him, through his biology, that he should be doing in terms of his body sacrifices, which is again surprising and puzzling, but wonderful). He never forgets details, which is actually an important way to praise Our God. I most of the time forget those so far because, first of all, the devil keeps me with very little head/spiritual power. Well, I am sure he knows my blood type by heart and wouldn't commit a mistake, yet it was him who did all in that particular attack, so that I am now sure he did that for me to know who was going to kill me was Leinha, not him, coinciding with us now finding out that the so cruel carioca black men/mulattos who so violently stab my head and all parts of my being and body, 24/7 now for 3 months and 16/7 before that for 3 years, are actually being commanded by Leinha as they do that, since it is her who wanted cariocas to replace everyone else on earth, not 'Nelson'. In this case, the stockings are there to say Leinha has put blacks and whites together forever through planning on killing me and making me be martyred for 3 years and 3 months so far (we notice that the difference between 16/7 and 24/7 is 8 (16 and 24 are multiples of 8) and 8 is infinity in the vertical position as well): she had a deal with me, which was, if I didn't sin, she couldn't take my life. 'Nelson' then saw that I didn't sin by accompanying me my entire life, which is then represented by him following the 'Japanese' girl and making her call her mother each time she was in danger. He is then saying he made me call 'Lea Maria' each time I thought I was in trouble, I now see. I now remember my talks with both of them in those regards (I am kept mostly without memory): Leinha didn't honor her words and 'Nelson' was then observing and he then saw she was going ahead with attacking me, we all saw that. That then makes him force friendship between whites and blacks, so give a permanent stop to the replacements from their end (I believe The Cariocas then

kept on going so far, like someone there would be in charge, I now believe 'Carla'). Nowhere in the video we see news that the parents have been killed and I know the father was there only because 'Nelson' put his thongs there. The 'Japanese' girl sends the mother away by calling her. I made 'Lea Maria' hide from 'Nelson' and Leinha then took over and made her be immobilized, as for what she told me via 'my' 666. 'Braganca' was watching everything unable to do a thing because he is doing the story with 'Nelson', so the thongs there. There was no blood on the girl or around that came from her, according to the video, like 'Nelson' told me he was going to spread some A blood there, so probably on top of hers, without mixing, so that they would collect the superficial part and find A type blood there, as it happened. She however shouldn't have bled much and, in my case, I am injured from inside all the time, so that there is no visible blood. 6 stabbings because it was one stabbing for each member of the Al Qaeda family, including myself: 'Braganca', 'Lea Maria', 'Jayme Ricci Pinheiro', 'Nelson Ricci Pinheiro', 'Lea Ricci Pinheiro' (Leinha) and 'Marcia Ricci Pinheiro' (me until the change of name to Elsie Hall Dunnam). That would be Leinha attacking with hate for the fellow blacks having formed a family with me, which makes perfect sense now, since I always thought she hurt me all the time. Leinha would keep me unable to say a word, since she deletes my blog posts, we found out, while 'Nelson' wanted them to be online and exposed, having done the head thing to tell usurpers that they had nothing to fear, so that they would allow my blog posts to inform human kind on what they were into. The only thing Leinha could then say is that they were forcing me to pray and I was resisting, which is the bit of the devil, what I could be doing, 'Braganca's' conversations with me. 'Nelson' still made me open the door to him at all times of everywhere I lived by telling him my address and so on and that is why, in symbology, he made the girl open the door to him. He puts her to the right side in order to check on the father before she gets in because he was always monitoring 'Braganca' so that he wouldn't harm me. He made Leinha attack buddhists first, so that the Christians would have more chances and would go last (other end of the house). He made us see that the girl gets martyred and killed in such a way, so through a satanic rite, just because Japan is a society of sinners/pagans, which means that, by keeping me in Australia, and before in Brazil, Christian countries, I would have a chance of saving us two. His spaceship, therefore his ET-dom, was right over her head, so right over mine and, if Leinha started Baal's fire from the side of the Christians, he would also lose his kingdom, like I am also his support.

Well, we then just concluded that 'Carla', from Rio de Janeiro, apparently a satanic transgender as well, is in charge of usurpation since at most 2003, operating from Rio, and she created her own head bug (her own words to me), so that she is probably running 'her own thing', 'her kingdom', for very long, like it is 22 years, and it is then exclusively her fault all we have endured in those regards, all further losses human kind endured, specially the most attacked classes, so whites, women and so on. She was several times and for long in my head and therefore got to see and know all that we think and feel about all, all the argumentation involved, Our God's messages to human kind, also plan of restoration, etc. Maybe this is also to say to us that realistically there should be no distortion or change in Our God's designations to us at least in terms of gender, since both Leinha and 'Carla' seem to be transgenders. We do have provisions to offer fixing to sexual deviations through the Mechanical Angel (666 after purification).

II. Conclusion

We have here produced some evidence on the main satanic brotherhood objective being exterminating all physical types that be not black male through processes of usurpation: they go reshaping humanity to what they please (height matters for 'Braganca'/the devil, so that they reduced average height of people in America, for instance, to less than 1.76, Leinha wants to meet cariocas everywhere and anywhere she goes, 'Nelson' wanted to disarm all countries on earth, specially Brazil, Australia, England and USA, and has succeeded in doing that to the four countries we just mentioned and 'Osama' wants only black males to remain on earth and they are on the way).

We managed to prove that the original Xuxa, Gretchen, Lilian Knapp, Rita Lee, Madonna, Kate Perry, Taylor Swift, Michelle Obama, Marlene Matos, Paulo Coelho, Manuel Alejandro, Trump, Obama and Elon have passed long time ago, even though we cannot guarantee that we know how the original person looks like: sometimes we have provided our best guess. Elon would have passed before or in the summer of 1995.

We also have produced very good evidence on all the people we mentioned in the previous paragraph being originally black males. We would love people from Anthropology to further prove our claims, like with more technical details to the analyses. Yet, we need to desatanize human kind through Our God's Brainwashing and a few more things, such as the first Marcia Hope, just because, at the moment, and for at most 137 years, negros and other races, such as Asian, are painting themselves in white or are being painted in white (our belief) through the 666. We need to desatanize human kind because, at the moment, everything and everyone is satanized: it is databases, search tools, sources, own researchers (I myself endured a martyrdom in terms of mental capabilities, which led me to produce the paper we see in Semiotica, A Solution to the Sorites, which is absurd: the satanic had let my Mathematics relatively untouched and had destroyed all my logic making me not

see it, since it was just in terms of writing, like they destroyed also the writing capabilities for Logic through the 666 back in 2001-2004 at least) and lots of results.
