

Contents:

Harnessing Molecular Machines: A Review Of Their Diverse Applications	01-06
Production And Characterization Of Bioethanol From Cassava Peels	07-13
Performance Enhancing Drugs In Bodybuilding Their Effects And Abuse	14-26
Synthesis And Characterization Of Biochar-Carbon Nanotubes Composite And Its Adsorptive Capacity For Rhodamine B Dye	27-42
Cola Acuminata Dye Extract: Computational Modeling For Corrosion Inhibition In Acidic Medium	43-58
